NO PAKIRS AT THE PCHOCLS.

In taking steps to stop the distribution among the city school-children of the tin badges sent out from Republican headquarters the police have acted promptly and well. It is not to be tolerated that our public schools shall be open to any faking crusade, political or otherwise. It really seems as if the Republican managers were afflicted with temporary aberration when they imagined that the badge-distribution could be allowed to go on, or that it would help their cause in any way.

If it were permissible that these bits of tin should be brought to the schools for a gravel train on the Chicago, Milwaukee and circulation among the pupils, it would be equally so that the prize-package man and the patent buttons peddler and all other fakirs of the streets should be mobbed. Tasks That Must Be Done.

Nature has assigned important tasks to the liver and the bowels, and being mutually dependent upon each other for the regular and adequate discharge of these tasks, a cresation of work by one causes the other to lapse into inaclisity. The tasks of secrition and execuation must be per-formed, or the system or possoned and disordered. Moreover, fatal inflammation of the bowels or alscess of the liver are apt to coone if inaction of these organs is allowed to go unlessled.
